CITB Site Management Safety Training Scheme Refresher (SMSTS-R) (2 days)

Approved Training Organisation Status

All Site Management Safety Training Scheme (SMSTS) certificates issued after 1st January 2001 are valid for a five-year period from the date of issue. The two-day refresher course will enable current SMSTS certificate holders to renew their qualification. The course can only be attended by those who have passed the five-day course and provided evidence.

Who is it for?

The refresher course is for delegates who have previously passed the full five-day (SMSTS) course and can provide proof of attendance and a valid certificate. The five day qualification expires after 5 years, but it is recommended by the CITB that you should refresh after 3 years due to ongoing legislation changes.
