Equipment requirements

The client is responsible for supplying all equipment & PPE.

Safety Harness

For inspection, at least one harness should be made available for training. Desirably a selection of harnesses should be made available as this will make for a more interesting and informative session and improve the quality of training.

Office / Classroom / Cabin

A well-lit and suitably heated closed-door environment to conduct theory training. Tables and chairs to accommodate all learners and the trainer assessor, this must include writing space for all learners. A screen and projector is desirable but not essential.

Exclusive use of this facility is required for the duration of training.

About BSG
