

Your partners in health, safety and environmental welfare

CITB Site Environmental Awareness Training Scheme (SEATS) (1 day)

This course is intended for those who have management responsibilities on a construction site and therefore targets site supervisors, site managers, assistant site managers, site agents, and site foremen.

This one-day course will provide candidates with an introduction to environmental issues on construction sites. It is designed to meet the basic environmental knowledge that the sub-contract chain is required to prove to major contractors and covers the environmental aspects of the new touch screen Health, Safety and Environment test.

What we offer

- Occupational Health Services
- Regular Site Inspections
- Site Inspection Reports
- Non-Compliance Reporting
- Accident Reporting
- CDM Compliancy
- Risk Management Tools
- Annual Health Check
- Accident Investigation
- Training Courses
- SSIP Assistance
- Member Helpline
- Toolbox Talks
- Fire Risk Assessments
- Health and Safety Audits
- Annual Office Inspections
- Environmental advice
- UK Coverage
- Online Accident Statistics
- Dedicated Safety Advisers

What you will learn

At the end of the course the delegates should:

- Understand the environmental impacts and issues associated with construction activities
- Understand why sustainability issues are important in the context of construction
- Understand their duties with regard to waste management and statutory nuisance
- Understand the requirements on water use, contaminated land, and pollution prevention
- Understand the issues of archaeology and heritage in construction
- Understand the systems available to help in environmental management

Programme

- What is the environment and why is it important?
- Outline of Environmental Management Systems
- Waste Management
- Pollution prevention and water management
- Good neighbour - Statutory nuisance, communication
- Archaeology and heritage
- Energy and resources
- Being a responsible contractor

Candidates will understand how each issue affects work on construction sites and focus on best practice techniques and legal compliance. Candidates receive a copy of the new GE 700 Environmental section for further reference on

About BSG

The Building Safety Group (BSG) is a not-for-profit organisation which specialises in providing Health, Safety and Environmental consultancy and training for the construction industry. BSG has over 800 members operating across 3500 workplaces throughout the UK.

We conduct over 20,000 site inspections every year and train more than 10,000 construction workers.

What our clients say about us

"Excellent Instruction and very clearly conveyed."

Southside Scaffolding Limited

"BSG are clearly experts in Health and Safety training for the construction industry."

CTS

"As I was pretty new to the role, my knowledge was limited but after taking the BSG course I feel very confident I will be able to positively move on in my position. I have learnt a massive amount."

Prodeck Fixing Ltd

"I learnt a lot about disciplines I previously knew nothing about. Learnt new regs and reinforced my previous knowledge."

Mirage Interiors

Need a course at your organisation?

If you have a group of 10 or more employees requiring training, we can run courses on a private basis, at a venue of your choice on a date that suits you. We can tailor the course to meet your needs and requirements. Contact us to find out more and get a bespoke quote.

How to book

Book your place by calling our Training Services Team on 0300 304 9080 or email Training@BSGlimited.co.uk with your enquiry.
