First Aid at Work Re-qualification

(2 days)

This course updates the first aid skills for people who need to renew their statutory first aid at work certificate and whose existing certificate is still valid.

First aiders whose certificates have expired for more than 28 days must attend the three day first aid at work course. Please note that you need to have completed this course before the 28 days after expiry of your certificate are up

What will you learn?

The course aims to update and refresh your knowledge of the First aid at work syllabus, while allowing time for revision and practice sessions in preparation for a final assessment.

About BSG

The Building Safety Group (BSG) is a not-for-profit organisation which specialises in providing Health, Safety and Environmental consultancy and training for the construction industry. BSG has over 800 members operating across 3500 workplaces throughout the UK.

We conduct over 20,000 site inspections every year and train more than 10,000 construction workers.

What our clients say about us

"Excellent Instruction and very clearly conveyed."

Southside Scaffolding Limited

"BSG are clearly experts in Health and Safety training for the construction industry."

CTS

"As I was pretty new to the role, my knowledge was limited but after taking the BSG course I feel very confident I will be able to positively move on in my position. I have learnt a massive amount."

Prodeck Fixing Ltd

"I learnt a lot about disciplines I previously knew nothing about. Learnt new regs and reinforced my previous knowledge."

Mirage Interiors

Need a course at your organisation?

If you have a group of 6 or more employees requiring training, we can run courses on a private basis, at a venue of your choice on a date that suits you. We can tailor the course to meet your needs and requirements. Contact us to find out more and get a bespoke quote.
