Non-Licensed Asbestos Work (1 day)

This is a one day course for operatives who work in construction activities where their work will knowingly disturb ACM's (such as maintenance workers, and their supervisors).

The course covers a brief historical overview of the product, health concerns and statistics, recognition, safe working methods, legal requirements and disposal.

It provides attendees with information on how to carry out non-licensed Asbestos removal works in accordance with the Control of Asbestos Regulations 2012.
