Your partners in health, safety and environmental welfare

Mobile Elevated Working Platform (MEWP) Training (1 day)

Mobile Elevated Work Platform training would be delivered to you on your own site; you would need to supply the machine/equipment and an area to conduct training. The trainer will incorporate practical tasks, meaning candidates are able to undertake training on the types of jobs they are required to complete during their normal working day. Training can be carried out in-house or accredited through ITSSAR on request. Additional registration fees apply.

What you will learn

- Site Safety
- Responsibility of the operator
- Legal requirements
- MEWP stability
- Daily safety checks & maintenance
- Basic hydraulic and electrical systems
- Simple manoeuvring
- Refuelling/recharging
- Advanced manoeuvring

What we offer

Occupational Health Services

Training Courses
SSIP Assistance
Member Helpline
Toolbox Talks
Health and Safety Audits
Annual Office Inspections
Environmental advice
UK Coverage
Online Accident Statistics
Dedicated Safety Advisers

MEWP TRAINING

This course qualifies you to operate the specific type of MEWP for which you receive training. To operate a different type of MEWP requires a conversion course. To operate on any site in the UK with permission of the person responsible for the site H & S. It does not qualify you to instruct others in the use of MEWP or supervise anyone who has not received formal training and qualification in the use of MEWP.

Candidates Per Course

Maximum of 3 delegates per day. All Experiences.

Minimum PPE (Personal Protective Equipment)

Safety Footwear	All delegates must wear safety footwear for the duration of practical training. Delegates will not be allowed to participate in training without safety footwear.
Hi vis, hard hat	Must be available for the practical training and assessment.

Equipment requirements

The client is responsible for supplying all equipment & PPE.

Mobile Elevated Platform (MEWP)	In good, serviceable condition. Manufacturer's instructions should be made available for training.
Safety Harness	Boom Type MEWP's (Cherry Picker) Training. Two safety harnesses must be supplied for Cherry Picker training, one for a delegate and another for the instructor. Scissor Lift Training. A safety harness is not required for Scissor lift training to proceed but can be incorporated into training at the clients' request.
Practical training area	For all vehicle-based operator/instructor training, a suitable manoeuvring area should be provided. As a rule of thumb, this area should be large enough that the vehicle used for training can comfortably perform a figure of 8 manoeuvre as a minimum. While training is in progress, access to this area should be restricted to the instructor and trainees. Where practicable, training areas should be sheltered from adverse weather conditions.
Office/ Classroom/ Cabin	A well-lit and suitable heated closed-door environment to conduct theory training. Tables and chairs to accommodate all delegates and the trainer assessor, this must include writing space for all delegates. A screen or projector is desirable but not essential. Exclusive use of this facility is required for between 60-120 minutes on the morning of each training day.

About BSG

The Building Safety Group (BSG) is a not-for-profit organisation which specialises in providing Health, Safety and Environmental consultancy and training for the construction industry. BSG has over 800 members operating across 3500 workplaces throughout the UK.
We conduct over 20,000 site inspections every year and train more than 10,000 construction workers.

What our clients say about us

“Excellent Instruction and very clearly conveyed.”
Southside Scaffolding Limited

“BSG are clearly experts in Health and Safety training for the construction industry.”
CTS

“As I was pretty new to the role, my knowledge was limited but after taking the BSG course I feel very confident I will be able to positively move on in my position. I have learnt a massive amount.”
Prodeck Fixing Ltd

“I learnt a lot about disciplines I previously knew nothing about. Learnt new regs and reinforced my previous knowledge.”
Mirage Interiors

Need a course at your organisation?
