Non-Licensed Asbestos Work Groundworker (1 day)

When your groundwork operatives knowingly disturb ACMs during excavation, trenching, or soil disturbance activities, they're not just at risk – your entire business is exposed to:

- Serious health consequences for your workforce (mesothelioma, lung cancer, asbestosis)
- HSE enforcement action and potential prosecution
- Project delays and costly remediation
- Reputational damage that can impact future contracts
- Unlimited fines under current regulations

BSG's comprehensive one-day training programme is specifically designed for groundworker operatives – not generic asbestos awareness. This is practical, role-specific training that addresses the unique challenges your team faces below ground.

What we offer

Occupational Health Services
Regular Site Inspections
Site Inspection Reports
Non-Compliance Reporting
Accident Reporting
CDM Compliancy
Risk Management Tools
Annual Health Check
Accident Investigation
Training Courses
SSIP Assistance
Member Helpline
Toolbox Talks
Health and Safety Audits
Annual Office Inspections
Environmental advice
UK Coverage
Online Accident Statistics
Dedicated Safety Advisers

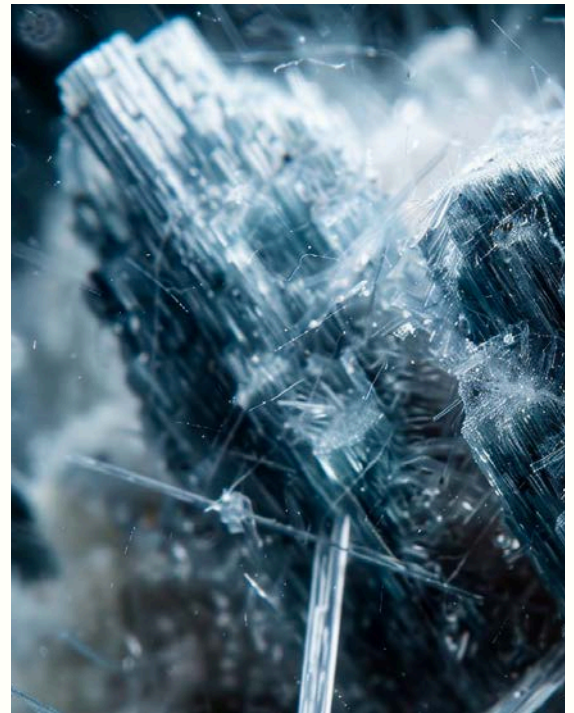

Independent
Asbestos
Training
Providers

BSG is a registered member of IATP
(Independent Asbestos Training Providers).
Registration number: 01109090.

What will you learn?

On successful completion the student will be able to demonstrate a sound knowledge of the following:

- Asbestos in Soil Origins
- Legislation relating to non-licensed work with asbestos
- Wetting asbestos materials
- Personal Protective Equipment (including RPE)
- Using damp rags to clean surfaces of minor asbestos contamination
- Personal decontamination
- The risk assessment process
- Disposal of asbestos waste
- Risk assessment and plan of work
- Emergency procedures
- Use of wetting techniques
- Use of PPE and RPE
- Bagging waste
- Decontamination

Learning Outcomes

- Identify tasks classified as non-licensed when disturbing asbestos-containing materials (ACMs) in soils or below ground.
- Distinguish between non-licensed, notifiable non-licensed and licensed work specific to ground disturbances using HSE guidelines, including the use of decision-making flowcharts from HSG210.
- Describe the necessary control measures for safely conducting groundwork that involves non-licensed asbestos materials.
- Implement strategies to prevent asbestos spread and manage exposure during soil disturbances, guided by HSE's Asbestos Essentials.
- Execute specific groundwork tasks as outlined in the syllabus.
- Employ appropriate wetting techniques and use of PPE and RPE during tasks to minimise asbestos exposure.
- Understand key regulations affecting non-licensed asbestos work in groundwork, including work area assessment, exposure assessment, and waste management as outlined in CAR 2012.
- Familiarise with the legal requirements for emergency procedures, personal protective equipment (PPE), and decontamination practices specific to groundworks.
- Recognise emergency procedures for incidents such as fire, toxic gas release, or accidental asbestos disturbance.
- Apply practical skills in using various wetting techniques, and in the proper usage of PPE and RPE.
- Demonstrate competency in decontamination processes and disposal of asbestos waste in compliance with legal and safety standards.

About BSG

The Building Safety Group (BSG) is a not-for-profit organisation which specialises in providing Health, Safety and Environmental consultancy and training for the construction industry. BSG has over 800 members operating across 3500 workplaces throughout the UK. We conduct over 15,000 site inspections every year and train more than 10,000 construction workers.

Groundworker (1 day)

What our clients say about us

"Excellent Instruction and very clearly conveyed."

Southside Scaffolding Limited

"BSG are clearly experts in Health and Safety training for the construction industry."

CTS

"As I was pretty new to the role, my knowledge was limited but after taking the BSG course I feel very confident I will be able to positively move on in my position. I have learnt a massive amount."

Prodeck Fixing Ltd

"I learnt a lot about disciplines I previously knew nothing about. Learnt new regs and reinforced my previous knowledge."

Mirage Interiors

Need a course at your organisation?

If you have a group of employees requiring training, we can run courses on a private basis, at a venue of your choice on a date that suits you. We can tailor the course to meet your needs and requirements. Contact us to find out more and get a bespoke quote.

How to book

Book your place by calling our Training Services Team on 0300 304 9080 or email Training@BSG Ltd.co.uk with your enquiry.
