Risk Assessment and Method Statements (Half day)

What you will learn

On completion of the course the candidate will have an understanding of the practical implications of risk assessment techniques. A thorough understanding of the specific requirements and the need for Risk Assessments of all work activities.

- Hazard Identification Techniques
- The Ability to categorise risk
- An understanding of the need for ongoing monitoring and review
- The necessity to prepare method statements to satisfy the requirement for a safe system and safe place of work, and the point at which that requirement becomes essential

About BSG

The Building Safety Group (BSG) is a not-for-profit organisation which specialises in providing Health, Safety and Environmental consultancy and training for the construction industry. BSG has over 800 members operating across 3500 workplaces throughout the UK. We conduct over 15,000 site inspections every year and train more than 10,000 construction workers.

Need a course at your organisation?

If you have a group of 6 or more employees requiring training, we can run courses on a private basis, at a venue of your choice on a date that suits you. We can tailor the course to meet your needs and requirements. Contact us to find out more and get a bespoke quote.
